Hi Marianne,

Thanks for this, Marianne, none of these people were on the call but Katie Swanson, who lead the call, seemed to be coordinating with at least some of their air quality staff. Janice, Hodayah, and I can give you a readout of the call early next week. We will probably have to have a follow up meeting with USAID at some point as well.

Brianna – the attendees for USAID were Lucy Mize, Helen Petach, and Priya Sreedharan. Lucy and Helen are both DC based I believe, and should be invited to your meeting or to a future meeting. I am under the impression that they have substantial funding and would be open to collaborating with EPA. If there is a meeting with them before the end of the year, I'd like to participate. Thanks,

Marianne

Hi everyone,

Ted and I are at the "lunch" part of the very busy WHO cafeteria if anyone wants to gather for a few minutes to put faces to names. We are at far end of lower table by sliding doors to other section, and I have a bright pink raincoat on back of chair. I know you are all busy with side meetings. We will be here till 1:20.
